The Council and the Hacks.

The order recently issued by the Municipal Council, directing hack drivers and owners of express waggons to change their old stands and take up positions in the centre of Yates street, west of Government, and Government street, north of Yates, not having been favorably received by the parties to whom it was intended to apply, it has become a dead letter, and the hacks and waggons have gone back to their old places. It would have been very much better had the Council not moved in the matter at all, than that, having given such an order, they should permit their authority to be set at defiance. We do not say that we approved of the Council's regulation—on the contrary we thought it was anything but a judicious one. However undesirable it was, or is, to have rows of hacks and express waggons lining the sides of the principal streets of the city, and the drivers having them in charge standing or sitting in groups upon the footpaths, blocking the way and impeding the movements of pedestrians as they pass to and fro, it appears to us that it was quite as objectionable to have the centres of the two most public thoroughfares in the town blocked up by rows of stationary vehicles, as would have been the case had the Council persisted in the enforcement of their ill-digested regulation. Besides, during the wet and cold season it would be an act little short of cruelty to compel the drivers to sit on their vehicles from morning till night, in the cold and pelting rain, as they certainly would have had to do, for their own as well as the public safety. It is no unusual thing for horses to take fright and dash through the public streets at a furious rate with no one to guide their movements, and should they on such occasions come in contact with one or more of those vehicles standing directly in their way, the consequences might be very serious indeed. True, it may be said the Council have power to deal with this matter as well as with the other, and by the enactment of a by-law compel persons to see that their teams are properly secured when left standing in the street, and by the imposition of a fine for neglecting to do so, thus obviate the danger to which we have referred. But even with the greatest care such cases do sometimes occur, and the chances of doing mischief would be very much greater with rows of hacks standing in the centres of the streets, than if they stood at the sides as they have hitherto been accustomed to do. We think it quite possible to adopt regulations that would neither be oppressive to hack drivers nor objectionable to pedestrians, more particularly to the ladies, who do most decidedly object to the present system. Government street, neither centre nor side, is a suitable locality for a hack stand; and the same may be said of Yates street. These thoroughfares should be kept as open and free of all kinds of obstructions as possible, and particularly of hacks, cabs, or express waggons, waiting for something to do. We agree with the suggestion thrown out the other day by a correspondent, in reference to the square on Bastion street as the most suitable location in the city for such a purpose. It is centrally situated, within a couple of minutes walk of the principal hotels, convenient to the wharves, out of the way of danger from runaway teams, sufficiently retired to give no offence to ladies and others having occasion to pass up and down the streets on business or pleasure, and within reach of shelter for the drivers during the rainy season while awaiting calls from customers. There is plenty room there for all who are doing a legitimate hack business, and we believe it would be an advantage alike to the public and owners of hacks, etc., if the Council would designate that square as the place for a city hack stand. We do not see that any reasonable objection could be urged against the Council doing so, while, as we have shown, many reasons might be given in favor of the proposition.

Adam Prentice, Esq., J.P., met with a serious accident on the 28th ult., while at work in his claim, the Eldorado, on Lightning creek. An exploded blast of giant powder re-exploded under the drill, shattering a portion of Mr. Prentice's right hand. Amputation will be necessary.

WILLIAM CREEK.—The cleaning out of the lower portion of the Bedrock drain was completed yesterday, and work will be commenced on the upper end on Monday. The Forest Rose will commence sinking a new shaft on Monday on the north side of the hospital. The Ballarat co. are sinking a new shaft. The Bedrock Flume co. washed up one hundred ounces last week, and sixty ounces on Thursday. The rains of the past few days having increased the water, the hydraulic companies have commenced piping.

LIGHTNING CREEK.—The Spruce co. are making expenses. Point co. washed up 74 oz. last week, and 65 oz. Wednesday. The Victoria co. washed up 154 oz. last week, and 82 oz. on Wednesday. The Vancouver co. washed up 210 oz. last week, and 56 oz. on Wednesday. The Vulcan and Costello companies are pushing forward work on their foundations.

QUESNELLEMOUTH, Aug. 29.—The weather for the last three weeks has been a serious drawback to the farmers in harvesting their crops. It is feared there will be much damage done to the hay crop. The weather continues wet and cloudy, giving the farmers no opportunity to get their hay dried.

CLINTON, Aug. 29.—For the past four days the weather has been very stormy, interrupting harvesting, and prostrating the telegraph line very seriously.

THE HORSE DISEASE.—CLINTON, Sept 6 — The epizootic has made its appearance along the whole length of the road from Yale to Barkerville, and the stage companies' horses are all sick, which may interfere somewhat with the transmission of mails and express for a week or two. From Canoe and Dog creeks we learn that all the horses are sick there also; some seriously, but no fatal cases are reported.

The harvest this year is good, and somewhat earlier than usual, new grain having already been brought in for sale.

THE ROYAL COMMISSION. — The Toronto *Leader* says: "Owing to the persistent misrepresentations of the *Globe*, in reference to the powers of the Royal Commission, appointed to investigate the Huntington charges, we desire to inform the public that the Commissioners have no authority, or power, to make a report of the evidence taken before them. The Commissioners are instructed simply to receive evidence, to compel witnesses to appear before them, to give testimony under oath, and, after all the evidence is taken, then submit the evidence without report or comment, to the Parliament of Canada, which will be summoned immediately their labors cease, for the purpose of finally disposing of the case against the Government. We trust the public will not allow themselves to be led away by the lying misrepresentations of the *Globe*, but wait for the publication of the evidence, and for the action of their representatives in Parliament assembled."

TEMPERANCE MEETING.—The British Columbia Temperance Association will hold their usual meeting to-night, in the large lecture room of the Wesleyan Church. The numerous addresses will alternate with choice selections of music, rendered by an efficient choir. The meeting is expected to be unusually interesting, as beside the large number of clergymen who will be present, an address will be delivered by Mr. Merrill, a legal gentleman from San Francisco, who is visiting our Province on a pleasure tour. The chair will be taken punctually at eight, p.m. Admission free.

THE CIRCUS.—Wilson's Parisian Circus gave their farewell entertainments on Saturday last, the large tent being on both occasions well filled. The company sustained its reputation for daring equestrian feats, scientific gymnastic exercises, and facetious clowns, frequently eliciting hearty applause from the spectators. "Dave" was especially facetious. Yesterday morning, the steamer Favorite,—chartered by Mr. Wilson,—arrived here, and to-day will convey the company to Port Gamble, where they are advertised to play.

SUDDEN DEATH.—A Cariboolte named Bowden, on his way down from Grouse creek, to this city, burst a blood vessel and died suddenly on board the steamer Victoria, on Monday last. Deceased was about to visit this place to obtain medical advice, as he had been in failing health for a short time previous to his death.

PASSENGERS.—The following arrived per steamer Maude, from the mainland, on Saturday evening: Mrs. Morrill, Mrs. Trew, Mrs Cochrane, Miss Sutton, Miss Kinsman, Miss Saur, Miss Ringland, Messrs. C. Oppenheimer, J. Douglas, Merrill, Moore, McMillan, Milby, Mitchell, Nelson, Sears, Pike, Davis, Jones, Jacques.

WELL DONE OLD CARIBOO.—Mr. J. H. Todd has just received word by telegraph, from the Victoria claim, on Lightning creek,—in which he has a full interest,—that the company washed up for the past week, over three hundred ounces! and that they are on "splendid pay."

CATALOGUES.—Parties desirous of obtaining catalogues of the Government land sale, can do so by applying at the office of Messrs. J. P. Davies & Co., Auctioneers, Wharf street, and can also inspect a large map of the lots offered for sale, with corresponding numbers thereon.

THE EPIZOOTIC has at last made its appearance on the mainland. Between Yale and Clinton, horses are more or less affected with the malady, and in the Okanagan district, Messrs. Barnard & Co.'s animals have suffered slightly, but no loss from deaths has resulted.

COURT MARTIAL.—Several officers of the United States army will leave per steamer California for Sitka, to hold a court martial at that station.

APPOINTMENT.—Mr. John R. Adams has been appointed Government Agent at the new diggings, Dease lake and Stekin.

The Prospects of the Railway.—Telegram from Sir John A. Macdonald.

(Cariboo Sentinel, August 30.)

There being so much dissatisfaction expressed throughout the Province at the delay in commencing operations on the Canadian Pacific Railway, our representative, Mr. Thompson, deemed it his duty to send the following telegram to Sir John A. Macdonald:—

"BARKERVILLE, Aug. 17, 1873.

"On behalf of my constituents, I ask why terms of Confederation are not carried out—Railway not commenced?

J. SPENCER THOMPSON."

To the above message Mr. Thompson has received a reply as follows:

"OTTAWA, Aug. 25, 1873.

"The Pacific Railway has been commenced as all railways are commenced, by making location surveys, and exhaustive surveys at great cost have been carried on, and approach completion.

"No time will be lost, so soon as survey is finished, in pushing on construction.

JOHN A. MACDONALD.

"To. J. Spencer Thompson, Esq., M. P., Barkerville.

Cape Beale Lighthouse.

The schooner Alert, Captain Christensen, arrived yesterday, twenty-four hours from Cape Beale, with the following passengers:—Messrs. Ure, Stewart, Roberts, Maguire, Melloy, Smith, Percy, McDonald, Johnson and Fitzgerald. The Captain reports the works at the lighthouse well advanced, and the to Bamfield creek complete. The lighthouse occupies a commanding position, and it will be seen from Cape Flattery. From high water mark to the top of the tower, it is two hundred feet. The foundations of the tower are secured to the solid rock by massive bolts, and the structure is altogether a splendid piece of workmanship. Richard Lewis, Esq., clerk of the works, is "O.K." The schooner will return in ten days to bring away the contractors,—Messrs. Hayward and Jenkinson,—and the rest of the men.

FROM THE EAST COAST.—The steamer Isabel, Capt. Robinson, arrived here from Nanaimo and ports on the east coast on Saturday evening, bringing down Capt. Kennedy, R.N., Lieut. Coleridge, R.M., Mr. Norris, D. Lindsay, J.P., M. W. Waitt, W. Allen, J. Gribbell, T. Old, R. Evans, W. Perry, A Campbell, Mr. Maxwell, Mrs. Whitfield and child, Miss Shakespeare, Miss Marwick. The Isabel reports the bark Wellington sailed for San Francisco on Wednesday last from Nanaimo, and the ship Panther loading. The Isabel sailed again on Saturday evening for the Inlet, towing the Lulu thither.

LOWER FRASER.—The Douglas arrived at New Westminster on Friday evening to receive on board certain apparatus to be used remooring the sandhead buoys. Since leaving Victoria the Douglas coaled at Nanaimo, and placed in position two buoys in English Bay. Messrs. Moody & Co. are erecting a new freight shed on their wharf, Burrard Inlet; it will be 80 by 40 feet. There is opposition in the Burrard Inlet staging business, and things are lively on the road. The harvest of the fishermen is about over for the season. The total catch has been the largest for some years.

A FINE BIRD.—Mr. Mitchell captured a large eagle on his farm at Frasermouth last week, and brought the bird down with him on board the steamer Maude on Saturday last. The eagle—which we believe to be the female of the species known as the bald or white-headed—is a fine specimen of these noble birds and measures over 7 feet from tip to tip of wings, and can be seen at the store of Messrs. Mitchell & Johnston, Fort street.

SATURDAY'S TELEGRAMS.—The Pope is again indisposed. The Spanish Ministry have resigned. NEW YORK, Sept. 6.—The settlement of the Geneva Award and the final payment by France to Germany on account of the indemnity occurred to-day. The final payment on account of the Geneva Award was one million dollars. These two important events attracted much attention in financial circles to-day.

LAYING OVER CLAIMS.—The Government give notice through the Hon Chief Commissioner, who is also a Gold Commissioner, that the gold mining claims in the new districts of Queen Charlotte Island, Stickeen River, and Cassiar or Dease Lake, are laid over from the 15th of October next, the Q. C. Island until the 15th of May, 1874, and the remainder until the 1st of June, 1874.

FROM PORTLAND FOR SITKA.—The steamer California arrived here on Saturday night and came alongside Messrs. Brodrick & Co.'s wharf yesterday afternoon. She brings a large quantity of freight for this port and several head of cattle for Sitka, and it is supposed she will take at least thirty or forty miners to the new mines.

DESERTION.—A man giving the name of John Thomas, was arrested a short time since at Albert Head, by officer McCarthy and Sergeant Murphy (H.M.S. Repulse) on suspicion of being a deserter from H.M.S. Cameleon. The prisoner appeared before Mr. Fisher, J.P., at Esquimalt, on Saturday, and was handed over to the naval authorities.

ARRIVALS AT THE DRIARD HOUSE, Sept. 7:—Fred. E. Ebstein, U S.A., and lady; Mrs. C. J. Sparks and child, Calvin M. Smith, Chas. H. Hoyl, U.S.A., Mr. Eggleston, U.S.A., Mr. W. B. Sandford, U. S. Cavalry, M. Harris, U. S. Cavalry, E. C. Mason, U S. Infantry, J. O. Skinner, U.S. Infantry, F. D. Hard, U.S. Infantry.

THE FEDERAL BUILDINGS.—A full gang of men will be at work on the Federal buildings once more, this morning.

WATER SUPPLY.—The Water Commissioner calls for tenders for further clearings in Elk and Beaver Lakes.

THANKS to purser Anderson, of the steamer Isabel, for east coast passenger list.

The Streets.

EDITOR STANDARD:—I wish you would call the attention of the City Fathers to the wretched state of the square between the Police Barracks and the Hudson Bay Co.'s store. For years it has been sadly neglected, although it is in the centre of the town and a great thoroughfare. A few days labor bestowed on it under the superintendence of our worthy town Councillor Mr. Taylor, would remedy the evil. N.

EASTERN STATES.

DETROIT, Sept. 6.—Peter Jeanott, the father of the little girl who was outraged by James Canavan in Muskegon on Monday night, went to the jail to-day and asked permission to see the prisoner, which was granted by the sheriff. Jeanott stepped to the door of the cell where the villain was confined, took his pistol from his cap and shot him in the head. Jeanott was taken before a Justice and admitted to bail. On Monday last Canovan enticed the little girl, only nine years old, into the woods, where he kept her all night, finally outraging her. A search was made for the child during the night by the alarmed parents, but in vain; about daylight the fiend let her go, and she came home barely able to walk. Canavan was arrested on Tuesday morning and lodged in jail. The girl died on the following morning.

NEW YORK, Sept. 6.—The Hamill Williamsburg horror is now explained. Mrs. Morgan is reported to have confessed to the police that she murdered Mr. Hamill on Wednesday evening last. Money in the possession of Mr. Hamill was her motive. After her perpetrating the deed the body was placed under the bed and remained there all Thursday evening. Mrs. Morgan confesses she set fire to the room in which the body was subsequently discovered, naked and scorched.

Capt. Kennedy has found Mrs. Irving, wife of John. T. Irving, the self-confessed murderer of Nathan. The police are reticent and merely admit to having Irving's wife under surveillance.

Lectures and Lecturers.

EDITOR STANDARD:—In your columns of last week I have noticed the following names: Hon. W. O. Clark, N. Shakespeare, and the following mysterious letters "W.K.B." which letters I have interpreted as follows, "wonderously knowing Bull." It is very probable I am wrong in my interpretation, if so, I hope you'll excuse so wretched a blunder. I have carefully read the various letters, and having a personal knowledge of the two first named gentlemen I feel somewhat desirous to say a few words on the subject.

And now dear sir for a few plain thoughts publicly expressed. I am really surprised that the name "honorable" should cause anything like envy or disgust in the great mud of the "Ruff." Had he been fortunate enough to have stood high enough in the estimation of his neighbors, he might have been one of those gentlemen of the Legislative body who were made honorables on the occasion of the union of British Columbia with Canada. I really feel for him, and let me here try to condole with him by stating that honorable is he who honorably does; also let me remind him of the old adage, viz., "Those who live in glass houses should not throw stones."

The Honorable W. O. Clark promised to give an account of what he saw in his travels, which I really believe he did most faithfully. But before he commenced he stated as an introduction he had no pretension to those qualifications of which the "wonderously knowing Bull" seems so proud; but he stated truths which were quite interesting to my mind, at least as great, as that which would so cowardly attack that Hon. gentleman behind his back upon so puny a point as his lack of grammatical education.

If the "Bull" be the same *highrate* individual as gave a *soliloquy* on the proclivities of the age (or people) at Esquimalt some months back, allow me to state that as a lecturer he will never stand above the unpretentious W. O. Clark.

I have not the honor of knowing this "wonderously knowing Bull," but I have heard him talked of in Esquimalt at intervals ever since that memorable occasion when he so cleverly bilked the people into paying to hear him utter a lot of inexplicable nonsense about "Mary washing up dishes, making beds, &c." I speak honestly as a man. I have only heard this "Bull" spoken of in Esquimalt as a humbug, long before Hon. W. O. Clark came here. I have also heard him spoken of as an ex-tanker or some such thing.

And this is the man who so readily takes up the pen wickedly to blast the fair fame and reputation of a man who has spent thousands of dollars for the temporal and spiritual welfare of mankind. There are portions of the "Bull's Bull" which are decidedly contemptible to any lover of truth and virtue, which I shall not touch upon but leave for all comprehensive readers to value. With regard to N. Shakespeare I have not much to say, as that respected gentleman is here to speak for himself, but I would just state that that immortal name reminds me of that man whose great strength was in his head, whilst the name "Bull" reminds me of a loudly blaring quadruped whose strength is in its neck. I am, sir, a sincere lover of truth and charity, and an

ESQUIMALT, Sept. 4, 1873.

SEVERE BLOW TO ORTHODOXY IN PRUSSIA.—The sentence of the Prussian Protestant Consistory, which leaves the Rev. Herr Sydow in the enjoyment of his incumbency, although he denies the miraculous birth of Christ, was passed by a majority of four to three, the majority being of opinion that as the objectionable utterance was made, not in the pulpit but in a public lecture-room, there was no law to justify the culprit's dismissal from the clerical office. Excepting a few Conservative papers, the whole press is highly gratified at the Consistory, who were perfectly orthodox until a year ago, having adopted this course in the present emergency. The Liberals seem to think that the Government, if they wish to combat Ultramontanism successfully, have no alternative but to support the religious views of the cultivated classes, which in this country are latitudinarian. Herr Sydow's acquittal which was advocated long ago by the press and at public meetings, is therefore regarded as a remarkable and most satisfactory sign of the times. It is, in fact hoped by the press that the Government, who infected by the philosophical tone of the age, caused the Church to be administered in a latitudinarian spirit from 1806 to 1840, but who, in the ensuing political struggle, reverted to orthodoxy as the natural ally of Conservatism, will now be compelled once more to subscribe to the religious views of the Liberals.—*Times' Correspondent.*

Japan.

REPORTED DISMISSAL OF CERTAIN SO-CALLED MISSIONARIES AND TEACHERS.

NEW YORK.—A letter from Japan says all deacons, ministers, etc., now in the employ of the Government, will be dismissed at the expiration of the present contracts, at the repeated and urgent request of the Department of religion. The writer says there is a far to numerous class who dishonor the cloth they wear, and the profession to which they belong. These men and women come to Japan with a salary from some Mission Board at home; apply for a contact in some Japanese school, and then draw both salaries; they also take their reading lessons from the Bible, when the clause in the contract which they have signed, expressly prohibits them from teaching the Christian religion. It is such the Government intends to dismiss, and it will not only be a good riddance for the natives, but for the whole foreign community.

THE HOLY PLACE.—The Special Commissioners who have been investigating on the spot the matters in dispute relative to the holy places in Bethlehem have, according to the *Levant Herald*, agreed upon the following basis of arrangement:—1. The superiors and other inmates of both the Greek and Latin monasteries in Bethlehem being regarded as equally blameable for the late disturbances, shall be replaced. 2. The tapestries between the Holy Cradle and the South Gate, the form and inscriptions of which are contested between the Greeks and the Catholics (Latins) shall be manufactured by the latter and placed on the wall by the Ottoman Government. 3 The niche or cupboard in the Grotto of the Nativity, which is in dispute between the Armenians and the Latins, shall belong to the Latins. 4. The Latin altar demolished during the riots shall be rebuilt at the expense of the Ottoman Government. The Church of the Columns shall, as heretofore, belong to the Greeks; the Latins will have the right of passing through it, but may not sing litanies in it. The tapestries destroyed during the disturbances of April shall be provisionally replaced by satin hangings until the Porte has come to a definite decision upon the subject. Let us hope this decision will give satisfaction to all concerned, and that we shall hear of no more rows in holy places. —*Pall Mall Gazette.*

A dream came o'er me as I lay
With head on pillow pressed,
Of such a splendid fitting Coat
And Pants, and such a Vest.
Me thought that as I walked abroad
All eyes on me were cast,
But ah! my dream it passed away
T'was far too bright to last.
But still before my eager gaze
Would come the dream of other days.

One day as I walked out alone,
My mind with sadness fraught
I wondered if in this good town
Such Clothing could be bought;
Just then a friend was passing bye
Who saw the sadness in my eye,
So kindly asked me, him to tell
What grief o'er me had cast a spell
I told him of the vision seen,
Said he, go buy of **David Green.**

LANDS AND WORKS DEPARTMENT,
5th September, 1873.

THE following Regulations respecting the acquisition of Free Grants of Land in British Columbia, are hereby published for general information.

ROBERT BEAVEN,
Chief Commissioner of Lands and Works.

UNDER the following Regulations and Ordinances, the Government of British Columbia are prepared to give Free Grants of vacant unsurveyed Crown Land, suitable for settlement and cultivation, and not being Mineral Land to *bona fide* Settlers, in the following quantities and sections of the Province viz:—

On the East Coast of Vancouver Island, between Chatham Point and Fort Rupert.....160 acres.
In that part of the Province East of the Cascade range of Mountains.....240 acres.
And intend setting aside two Townships in the New Westminster District, for Free Grant locations of 160 acres, when Surveyed.

Regulations.

1. Before any person can be located for a Free Grant of land, he or she shall make affidavit, to be deposited with the Chief Commissioner of Lands and Works, that he or she has not been located for any land under the Free Grant sections or regulations of the "Land Amendment Act, 1873," and is not a pre-emptor or owner of land in the Province, and that he or she is of the age of eighteen years or upwards, and believes the land for which he or she applies or desires to be located, is suited for settlement and cultivation and is not valuable chiefly for its mines or minerals, and is not acquired for the purpose of obtaining possession of or disposing of any timber growing or being on said land, and that such location is desired for his or her benefit and for the purpose of actual settlement and cultivation of such land, and not either directly or indirectly for the use or benefit of any other person or persons whomsoever; nor for the purpose of any gold, silver, copper, lead, iron or other mines or minerals, or any quarry or bed of stone, marble, or gypsum thereon.

2. Any person making application for a Free Grant shall, if required, produce an affidavit from such person as can make the same, stating that the land is vacant, and that no person has resided upon it for the last six months.

3. No person shall be entitled to hold land in the Province under the Pre-emption and Free Grants Acts at the same time; and any subsequent pre-emption record by the locatee shall be considered as an act of forfeiture of any rights acquired under the Free Grant Clauses of the Act of 1873; and the locating of a Free Grant shall be construed as an act of forfeiture of any pre-emption rights acquired under any of the Land Ordinances or Proclamations in the Province.

4. An alien shall be entitled to locate a Free Grant under the same conditions as a British subject upon signing a declaration, before the Commissioner of the District, or a Justice of the Peace, of his or her intention to become a British subject, but in the event of such alien not completing his or her naturalization at as early a period as the law admits, that he or she shall forfeit all rights acquired.

5. No Crown grant shall issue for any land located under this Act or under said regulations, until the expiration of three years from the date of such location, nor unless nor until the locatee or those claiming under him or her, or some of them, shall have performed the following settlement duties, that is to say:—shall have cleared and have under cultivation at least twenty acres of the said land, whereof at least five acres shall be cleared and cultivated annually during the three years next after the date of the location, to be computed from such date, and have built a house thereon fit for habitation, at least sixteen feet by twenty feet, and shall have actually and continuously resided upon and cultivated the said land for the term of three years next succeeding the date of such location, and from thence up to the issue of the Crown grant, except that the locatee shall be allowed one month from the date of the location to enter upon and occupy the land, and that absence from the said land for in all not more than six months during any one year (to be computed from the date of the location) shall not be held to be a cessation of such residence, provided such land be cultivated as aforesaid.

6. On failure in performance of the settlement duties aforesaid, the location shall be forfeited, and all rights of the locatee, or of any one claiming under him or her, in the land, shall cease.

7. Proof of actual settlement and cultivation shall be made by declaration, under the "Oaths Ordinance, 1869," by the claimant and two settlers in the neighbourhood, before the Commissioner or a Justice of the Peace.

8. In case it is proved, to the satisfaction of the Chief Commissioner of Lands and Works, that the settler has voluntarily relinquished his claim, or has been absent from the land located by him for more than six months in any one year, or has not made the improvements required by law, then the right to such land shall be forfeited, and the settler so relinquishing or abandoning his claim shall not be permitted to be located again for a Free Grant.

9. Neither the locatee, nor any one claiming under him or her, shall have power to alienate (otherwise than by devise) or to mortgage or pledge any land located as aforesaid, or any right or interest therein, before the issue of a Crown grant.

10. All assignments and transfers of Free Grant rights before the issue of the Crown Grant shall be null and void, and shall be deemed evidence of abandonment of the right, and the person so assigning or tranferring shall not be permitted to again locate a Free Grant.

11. All Free Grants must be staked off with posts, at least four inches square, and standing not less than four feet above the surface; and one such stake shall be placed at each angle of the claim. Any tree may be used for a post, provided that it be cut down and squared as aforesaid. No such boundary post shall be removed without the permission of the Comissioner of the District wherein the land lies. Upon each post, a notice in the following form shall be affixed:—

"A. B's land N. E. Post" (meaning North-east post); "A B's land N. W. post' (meaning North-west post) and so on, as the case may be; and shall measure West of the Cascades 40 by 40 chains, and East of the Cascades 80 by 40 chains.

12. All lines shall run due North and South, and due East and West, and all locatees or claimants under this Ordinance must comply, in all cases, with the official survey when made.

13. A locatee of a Free Grant on unsurveyed land shall, after the official survey has been made, and within three months after a copy of the map of said land has been deposited in his District, and public notice therof given in the *British Columbia Gazette*, make application to be located for the quarter section, or quarter section and portion of adjoining quarter section, as the case may be, in which the land upon which he resided, and which he has improved, may be. In case of disputed ownership the Chief Commissioner of Lands and Works shall determine the respective rights of the adverse claimant, according to priority of record and priority of settlement, and the fact of such settlement may be shewn by actual occupation of and improvements made on the land in dispute.

14. Any locatee shall at any time after official survey and prior to the expiration of occupation required by the "Land Ordinance Amendment Act, 1873," have the right or privilege, should he or she so desire it of applying for and obtaining a Crown Grant of the land included in the Free Grant location' in the same manner as if the said Land had been pre-empted in the first instance upon payment, howevee, for the land, and upon fulfilling the conditions applicable to pre-emption claims.

15. No land located as aforesaid, nor any interest therein, shall in any event be or become liable to the satisfaction of any debt or liability contracted or incurred by the locatee, his widow, heirs, or devisees, before the issuing of the Crown grant for such land. After the issuing of the Crown grant for any such land, and while such land or any part thereof, or any interest therein, is owned by the locatee, or his widow, heirs, or devisees, such land, part, or interest shall, during twenty years next after the date of such location, be exempt from attachment, levy under execution, or sale for payment of debts, and shall not be or become liable to the satisfaction of any debt or liability contracted or incurred before or during that period, save and except any debt secured by a valid mortgage or pledge of such land made subsequently to the issuing of the Crown grant therefor.

16. Nothing in these Regulations shall be construed to exempt any land from levy or sale for rates or taxes, now or hereafter legally imposed.

17. Every Crown grant to be issued for any land located as aforesaid, shall state in the body thereof, the name of the original locatee of the said land, and the date of the location, and that the said Crown grant is issued under the authority of the "Land Ordinance Amendment Act, 1873."

18. Every location shall be recorded at the Land Office in the District, following the rules of record as to pre-emptions.

19. The Chief Commissioner of Lands and Works shall have power to cancel any Free Grant record, upon proof satisfactory to him that any of the above stipulations have not been complied with.

20. The provisions of the "Land Ordinance 1870," and the "Land Ordinance Amendment Act, 1873," to be complied with, together with the following regulations. se8

3. The Pilot Grounds for the several Ports of the Province of British Columbia shall for the purposes of enforcing these Rules and Orders, be taken to be as hereby defined, viz:—

VICTORIA and ESQUIMALT.—Outside of a line drawn from Trial Island to Race Rocks Light, bearing N. E. by N., and S. W. by S. (magnetic).

BURRARD INLET.—A line from Passage Island to Point Grey, bearing of the latter being S.E. (magnetic).

FRASER RIVER.—Outside Light-Ldip.

NANAIMO and DEPARTURE BAY.—Outside a line drawn from Entrance Island to a point on Vancouver Island, one mile W. of the West Rocks, bearing W. (magnetic,) and to the southern entrance by Dodd's Narrows, a line drawn from the mark on Gabriola Island to Sharpe Point, bearing S. W by W. ½ W., and N. E. by E. ½ E. (magnetic).

OTHER PORTS.—To be defined from time to time by the Pilot Board, as occasion may arise.

4. Any Vessel having discharged a portion of her cargo at Esquimalt, and paid full Pilotage into that Harbour shall, on proceeding thence to Victoria for the purpose of discharging the remainder of her cargo, only pay additional Pilotage at the rate of $1 50 per foot, if proceeding under or with the assistance of steam; and the same rule shall apply to vessels proceeding from Nanaimo to Departure Bay, or *vice versa*, whether with or without the assistance of steam.

5. In the event of a Pilot taking the charge of a Vessel proceeding from the Pilot Ground of Victoria or Esquimalt Harbours, or of Royal Bay, to that of Nanaimo Harbour, Burrard Inlet, or the Sand-heads of Fraser River, or *vice versa*, he shall receive additional pay at the rate of $3 per foot for Vessels under sail, and at rate of $10 per day for Steamers or Sailing Vessels in tow of a Steamer while at sea. Twenty-four hours to be counted as a day; any fraction of a day to be counted as a whole day. All Vessels under steam, or in tow of a steamer, to be one-fourth less of the above rates.

6. Any fraction of a foot, not exceeding six inches, shall be paid for as half a foot; and any fraction of a foot exceeding six inches shall be paid for as a foot.

7. Every Master of any Ship who shall employ as a Pilot any unlicensed person, or any licensed person acting out of the limits for which he is qualified or beyond the extent of his qualification, after any Pilot licensed shall have offered to take charge of such Ships, shall forfeit for every such offence double the amount of the sum which would have been legally demandable for the Pilotage.

8. Any person may legally, and without being subject to any penalty, assume or continue in charge of any Ship as a Pilot, so long as a Pilot duly licensed shall not have offered to take the charge, or where and so long as such ship shall be in distress, or under circumstances which shall have rendered it necessary for the Master to avail himself of the best assistance.

9. Any Licensed Pilot, within the limits of his license and the extent of his qualification, may supersede, in the charge of any Ship, any person not licensed, or acting beyond the extent of his qualification; and every person continuing in the charge of any Ship without being a Licensed Pilot, or without being licensed to act within the limits in which such Ship shall be, or beyond the extent of his qualification, after any Pilot licensed and qualified shall have offered to take charge of such Ship, shall forfeit any sum not exceeding two hundred and fifty dollars, but less than one hundred dollars.

10. If any person suspended or adjudged to have forfeited his license shall, during the time of suspension or after such adjudication, take upon himself to conduct any ship as a Pilot, such person shall be liable to all such penalties in like manner as are provided against any person who shall Pilot any Ship without having been licensed. (*vide* Paragraph 5).

11. All sums due for the Pilotage of any Ship trading to and from any Port in the Province of British Columbia, shall be recovered in a summary manner before any Stipendiary Magistrate, or two Justices of the Peace, from the Owners, or Master, or from the Consignees or Agents who shall have paid or made themselves liable to pay the said charge for the said Ship, in the Port of her arrival, as to pilotage inwards, and in the Port from whence she shall clear out as to pilotage outwards, which sum may be levied in the like manner, according to the amount, as any penalty of the like amount may be levied under "The Pilotage Ordinance, 1867."

12. Any Vessel, not otherwise exempted by these Rules and Orders, or the Schedule hereto, shall pay half rates of full Pilotage in order to the first duly qualified Pilot who shall hail any such Vessel outside the Pilot ground, or exhibit the Pilot Flag at a distance not greater than one mile from such Vessel in the event of his service not being accepted.

13. The choice of outward Pilot to be left to the Captain; but in the event of the ship taking out Pilot outwards, then the half-pilotage to be paid to the first duly qualified Pilot that shall offer his services.

14. No Vessel shall be rendered amenable to half pilotage rates for the Straits navigation by declining the services of a qualified Pilot.

15. All Vessels requiring the services of a Pilot shall hoist the usual signal at the fore; and when outward bound not less than two hours prior to departure.

16. The Pilot Flag shall be the same as established by law in all countries under British jurisdiction, viz: horizontal white and red, (size at discretion of Pilot Board).

17. Any Vessel driven either by stress of weather or other cause to anchor or seek shelter in any of the Bays or Roadsteads of the Province shall not be liable to pilotage.

18. In all cases where a Vessel shall be in tow of a Steam Vessel the Pilot on board the Vessel towed shall have the command and direction of both Vessels so long as the Steamer shall be fast to the other Vessel, notwithstanding a Pilot may be on board the Steamer.

19. Pilots taken to sea on board any Vessel against their will, shall be entitled to claim from the Master or Owner of such Vessel the sum of five dollars ($5) per diem until the date of their arrival at the Port from which they were taken, and in addition to the above, their expenses back to said Port.

20. No Steam Vessels plying regularly once a week, or oftener, between Victoria and any of the various Ports on Puget Sound, or in the Straits of Fuca, shall be charged with Pilotage, or half Pilotage, unless the Master of such Vessel shall actually take a Pilot on board on any such trips, or otherwise actually engage the services of a Pilot.

REVISED BY-LAWS

FOR THE

REGULATION OF PILOTS

IN THE

PROVINCE OF BRITISH COLUMBIA,

Made in pursuance of "The Pilotage Ordinance, 1867," all previous Bye-Laws being hereby repealed.

[22nd August, 1873]
